

Safe use of Abrasive Wheels

EXPECTATIONS

This course is designed for delegates who need to know how to safely mount abrasive wheels and disc on portable machines.

At the end of this course, people should be able to understand:

- The hazards arising from the use of abrasive wheels
- Identify the methods of marking abrasive wheels as to type and speed
- List the methods of storage, handling and transportation of abrasive wheels
- Show the methods for testing and inspecting wheels for damage
- Demonstrate the correct method of mounting an abrasive wheel including knowledge of the function of the components

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
