

Accident Investigation

EXPECTATIONS

This course is designed for staff who undertake accident and incident investigations

At the end of this course, people should:

- Understand the importance of correctly investigating immediate, underlying and route causation factors.
- Be able to follow procedures when conducting investigations.
- Understand the processes of an investigation including preparation, briefing people about what will be asked of them, and reporting on the key details identified.
- Understand the implications of the HSE 'Fee for Intervention' (FFI).

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
