

CITB Health & Safety Awareness

EXPECTATIONS

This course is designed for any operational staff who work on a construction site.

At the end of this course, people will be able to understand:

- Understand their legal responsibilities
- Be able to identify common hazards and propose common sense risk controls
- Be aware of the accident reporting system within the company
- Be aware of manual handling hazards
- Recognise work at height hazards and implement control measures
- Recognise work equipment hazards and use equipment safely
- Understand fire precautions to be observed on site

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
