

Risk Assessments and Method Statements

EXPECTATIONS

This course is designed for any construction activity staff that have to author or monitor risk assessments with their regular role.

At the end of this course, people should:

- Understand HSE expectations and approach. The five steps.
- Why we need to train the workforce
- Different types of risk assessment
- A dynamic way of writing and reviewing risk assessments.
- Authoring and reviewing method statements.

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
