

Safe Working at Height

EXPECTATIONS

This course is designed for any staff that manage, monitor and operate within work at height activities in their regular role.

At the end of this course, people should:

- Have the ability to identify hazards and possible accidents in height work.
- Understand the employers expectations when using health and safety systems and procedures in their role when working at height.
- Understand how poor safety behaviour impacts on working at height activities.
- Demonstrate an awareness of fall arrest/restraint equipment.
- Ensure safe use of access & egress equipment.

THE 2020 WAY

2020 Safety Solutions Ltd take a different approach to most training providers. Our courses are designed by educational experts as well as subject specialists.

Every course is based upon engagement, interaction and enjoyment as well as personal development.

It's training, just done differently.
